**TO WHOM IT MAY CONCERN**

**LETTER OF RECOMMENDATION – CENTRAL BUSINESS ACADEMY AND FAISIT**

This is to certify that following a tender process, CBA trading as Central Business Academy in Joint Venture with Faisit were awarded a national project for ICT Skills programme for Burial Societies.

The skills programme was offered to 1,150 rural, township and urban unemployed learners who are beneficiaries of the various Burial Societies. A total of 1,156 learners were trained and found competent, bringing the success rate of the project to over 100%.

The training was completed within the stipulated time, within the agreed budget and we were satisfied with the results. We were particularly impressed with the quality of administration and reporting.

We valued this partnership and have no hesitation in recommending their services and would consider them ourselves for future projects.

Kind Regards,

Henry Goliath  
Project Office Manager
