To whom it may concern

This letter serves to confirm that **Central Business Academy (Pty) Ltd**, was appointed as a Training Provider for the Basic Entrepreneurial Skills Development Project in Bloemfontein, Free State. The project started on the 1st September 2014, and was completed on the 30th April 2015.

The Department of Higher Education and Training (DHET) through the National Skills Fund (NSF) has approved funding for the implementation of the Basic Entrepreneurial Skills Development programme (BESD) by Small Enterprise Development Agency (Seda). The German Federal Ministry for Economic Cooperation and Development supports the programme via Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH. Seda is the implementing institution for the BESD programme.

The objective of this programme is to increase the sustainability of micro enterprises, improve the prospects of income generation and job creation. The BESD approach utilizes coaching as an innovative methodology to facilitate and reinforce learning and development support to emerging entrepreneurs. Predominantly young qualified unemployed and under employed members of the community are carefully selected and trained for approximately 7, 5 months as Entrepreneurial Development Practitioner (EDPs) enabling them to offer (as employees of a training provider) basic entrepreneurial skills development to emerging entrepreneurs in the informal economy. **Central Business Academy (Pty) Ltd** trained 12 EDPs over a period of 147 training days. This training included the facilitation of Workplace Experience (WPE) of the EDPs over the course of the BESD project. The EDP training focuses on generic/basic entrepreneurial/business skills but with the focus on the following modules with a strong support in mentoring and coaching:

- Course Overview
- Entrepreneurial Qualities
- Mathematical & Financial Literacy
- Financial Management
- Coaching Skills
